RE: Community Survey  
Brent Spence Bridge Replacement/Rehabilitation Project  
KYTC Project Item No. 6-17  
Property at «Property\_ADDRESS»

The Kentucky Transportation Cabinet and Ohio Department of Transportation have proposed improvements to a 7.8-mile segment of I-75 within the Commonwealth of Kentucky and the State of Ohio. The project extends from its southern limit, 5,000 feet south of the Dixie Highway Interchange on I-71/I-75 in Fort Wright, Kentucky, and continues north through Covington, Kentucky and into Cincinnati, Ohio.

The purpose of this project is to improve the operational characteristics within the I-75 corridor for both local and through traffic. I-75 in the project area suffers from congestion and safety-related issues. Therefore, this project is being developed to improve traffic flow, improve safety, and correct geometric deficiencies, while maintaining connections to key regional and national transportation corridors. The Preferred Alternative I for the project is on existing I-71/I-75 with additional travel lanes north of Kyles Lane. Access from the interstate to Covington will be through a collector-distributor road at KY 12<sup>th</sup>, 9<sup>th</sup>, and 5<sup>th</sup> Streets. Access from Covington to the interstate will be at 4<sup>th</sup> Street and 12<sup>th</sup> Street.

You are being contacted to provide information about potential impacts that may result from the construction of this project. Because your residence may be acquired in order to construct the project, we ask you to provide information so that the project team can understand how this may affect you or persons who may rely upon you. Enclosed with this letter is a survey with questions about your household and means of transportation. This survey has been sent to all households that may be relocated by the project. Answering these questions is voluntary; your opinion is important to us and your responses will be used to develop the best project for the entire community. Please submit your responses to the following questions to Stacey Hans by **July 26, 2011**.

Also attached is additional information about the Brent Spence Bridge project that you may find useful in your consideration of this project. The information includes maps identifying the project study area, the project alignment, and potential displacements and relocations for the Preferred Alternative I. This letter and survey is being sent out in accordance with Executive Order 12898, Title IV of the Civil Rights Act.

Thank you for your time and patience in answering these questions. This information will help us to develop a project that will best serve the community and the region.

An Equal Opportunity Employer M/F/D

If you would like to receive or provide additional information regarding this matter, please contact:

Stacee Hans  
Environmental Coordinator  
Kentucky Transportation Cabinet, Department of Highways  
District 6  
421 Buttermilk Pike  
Covington, KY 41017  
859-341-2700, ext. 274  
[Stacee.Hans@KY.gov](mailto:Stacee.Hans@KY.gov)

We respectfully request your response be submitted no later than two weeks from the receipt of this request (July 26, 2011). Please use the attached self addressed stamped envelope to return the completed questionnaire at no expense to you or scan in your completed questionnaire and email to [Stacee.Hans@KY.gov](mailto:Stacee.Hans@KY.gov).

Thanks again, we look forward to hearing from you.

Sincerely,

Stacee Hans  
District Environmental Coordinator

8.  I would like to receive additional information related to relocation assistance.

9. The following information will help us to understand your circumstances and identify your need for additional information that you may find useful. You may use the spaces below or attach additional pages as necessary.

a. Please identify any benefits or improvements in your life that you may experience as a result of the project.

Taking our home to provide any improved access for the new bridge doesn't exactly benefit or improve our lives 100%. It would be nice to have a newer, more modern home where we could sit outside without all the noise, dust & dirt from I-75/71. We wouldn't be able to enhance our property value if we were moved to a different area without having to worry about the highway causing us any future problems. Right now we really are not able to improve our home or property due to the proposed changes to the highway.

b. Please identify any difficulties, hardships, problems or concerns that you may have if relocated by the project.

I feel certain that our house payment would increase during this move. Also, we currently have a great location here in Fort Worth & we may be forced to move to an area that costs us more in gasoline -- as far as commuting to our jobs. A different home usually means different furniture & appliances which again is a big cost.

7. If it is determined that your home must be acquired for this project to be constructed, would you be willing to relocate with financial compensation from the government?

- Yes
- No
- Undecided

*Depends on amt. of financial compensation*

8.  I would like to receive additional information related to relocation assistance.

9. The following information will help us to understand your circumstances and identify your need for additional information that you may find useful. You may use the spaces below or attach additional pages as necessary.

a. Please identify any benefits or improvements in your life that you may experience as a result of the project.

It may allow for myself and my husband to purchase a new home together, and have a backyard for our children to play in peacefully without the noise and distraction of the highway.

Once again these variables are completely dependent on the amount of compensation for our home, the inconvenience, moving expenses, time and money that I have invested to make this home what it is today.

b. Please identify any difficulties, hardships, problems or concerns that you may have if relocated by the project.

Please see attached.

## How this Relocation will Negatively Impact Myself and My Family

- My primary reason for purchasing in Covington was to purchase cheaply, renovate and live well. I cannot and will not be able to rehab another home in Covington for a purchase price compared to 609 or 607 Watkins, mentally, emotionally or financially.
- Moving to 609 Watkins Street in 2003, I moved into my ex-husband's childhood home. We rehabbed it completely including an \$85,000 kitchen, bath, laundry and half-bath renovation...three months after total completion (December, 2007) he wanted a divorce.
- We opted to proceed with the divorce and agreed that I would take the unfinished, untouched property which was intended to be rental property for us (607 Watkins). However, I started all over again creating mounds of debt to have it completed quickly in order for it to be livable and for a SECOND TIME create a home for myself. Because my debt to income was so high I had to borrow money again to even refinance and complete a quit claim deed to remove my ex-husband's name as he did the same.
- In April 2009 my home was appraised for \$120,000 and my ex-husband's home was appraised at \$125,000 by National City (PNC Bank).
- I have rehabbed my home to meet my personal tastes and needs. Some examples are as follows: Granite countertops, tiered eat-in kitchen, cherry cabinets/chocolate finish, high-end Jenn-Air appliances and wine cooler, every window replaced with high-end energy-efficient double paned glass replacements (\$15,000), all interior walls down to the studs to incorporate all new electric including cable and wall mount television hookups and new panel in basement to street, all new drywall/paint, lighting fixtures, entire replacement of plumbing throughout (\$7,000), tankless water heater (\$2,000), added 2 bedrooms, added ½ bath upstairs, new heating and air system (\$15,000), custom woodwork to replicate original throughout the house, refinishing of original wood flooring throughout the house, travertine tile in bathroom, glass tile in bath/kitchen, etc. just to name a few. After final inspections were complete, I was able to move in February, 2009.
- I recently remarried and my husband was laid off for 8 consecutive months. Started a new job working second shift, in late Aug. 2011.
- I am the primary financial means within our family.
- Emotionally, financially and mentally to start over again with a 1 year old is extremely stressful.
- My husband has a 5 year old son from a previous relationship and this home (607 Watkins) is his only stable existence. We are going through custody battles currently due to extreme changes that have occurred in his life which are negatively affecting him and his behavior. My step-son has endured in 3 years: two new step-parents, two new baby

brothers, moving to Hawaii because his step-father re-enlisted into the ARMY, starting kindergarten, traveling to KY 4 times a year for visitations with my husband and our family, behavior issues at home and at school due to all of the changes, remain persistent. This would be an additional change that would adversely affect his life and stability within our home and the possible decisions that the court may take into account.

- The overall mental letdown that I have worked on two homes, managed workers, created designs, worked several jobs to pay for the amenities that I wanted in my homes, the countless hours to complete two projects and the end result to be the same – losing both properties. This weighs on my mind and deeply affects my day-to-day life and what I have tried to create for myself and now my current family.

6. Is your total household income before taxes more than \$40,000?  Yes  No  
If your answer is no, please write your total household income before taxes in the space below.

My total household income is approximately \$ 64,500.

7. If it is determined that your home must be acquired for this project to be constructed, would you be willing to relocate with financial compensation from the government?

- Yes
- No
- Undecided

8.  I would like to receive additional information related to relocation assistance.

9. The following information will help us to understand your circumstances and identify your need for additional information that you may find useful. You may use the spaces below or attach additional pages as necessary.

a. Please identify any benefits or improvements in your life that you may experience as a result of the project.

I am 61, my husband is 63. We also have his 86 year old mother. I take care of my 82 year old mother. She lives very close, at 521 Western. I stay with her everyday from 7pm - 12am. My husband is disabled, he uses a walker and is on oxygen. We just poured a concrete ramp to make it easier for mobility. We also just built a new deck and put in a new kitchen in the basement. Also a bathroom. We will need to find a ranch style home that is wheelchair accessible.

Husband is on SS disability since 2005 with breathing issues and congestive heart failure

b. Please identify any difficulties, hardships, problems or concerns that you may have if relocated by the project.

We live in an area that is close to everything, including my family. We will be losing our home of 40 years.

We will need to be able to be close to a hospital.

Moving expenses would be an issue.

a. Please identify any benefits or improvements in your life that you may experience as a result of the project.

Currently with the pending decision to be made on the two bridge alternates, ~~E~~ acquiring my home and ~~I~~ not acquiring my home, I am stuck between a rock and a hard place. This week I began working with a realtor to sell my home and he feels it will be nearly impossible because the pending alternates of the Bridge Project. I purchased my home 5 years ago and since I've had major changes in my life. 5 years ago it was just my dog and myself occupying my 2 bedroom, 1 bath home, but now it is my husband, 2 step daughters, my 11 month old son (the dog still) and myself. I am trying to sell because of this, we need a larger place. Another factor that further complicates this situation is the 1st time home buyer grant I received from the city of Covington. This grant was a blessing 5 years ago but now it inhibits me from renting my home, because I would have to repay the city \$5,000 that I do not have, leaving me at this situation that I am unable to rent or sell my home.

b. Please identify any difficulties, hardships, problems or concerns that you may have if relocated by the project.

Zero. Please acquire my property ASAP!!!!

Do with it what you would like, just let me know when and its all yours! Please let me know what is decided ASAP so I can get movin' on!
